

OFFICE OF THE
QUEENS BOROUGH PRESIDENT
CITY OF NEW YORK
DONOVAN RICHARDS JR. - PRESIDENT

Queens

Community Board Demographic Report

Issued July 1, 2021

Executive Summary

A demographic analysis of Queens Community Board membership in calendar year 2020 revealed the boards are generally older, show vast gender inequality, and are less ethnically diverse than the communities they represent. Upon taking office in December 2020, Queens Borough President Donovan Richards Jr. and his team began addressing these disparities immediately.

In 2021, the Queens Borough President’s Office (QBPO) overhauled its Community Board application process by allowing aspiring members to submit their applications online, a first for the Office. QBPO also conducted culturally competent community outreach in multiple languages and offered the application in both English and Spanish, seeking to expand the applicant pool to include those who have been historically underrepresented on Community Boards. These efforts resulted in 941 applications—an increase of 58.2% from 2020 and a Queens record.

Much work remains toward ensuring that Community Boards reflect the communities they represent, but this year’s class of new appointees is a significant step in the right direction. Of Borough President Richards’ 110 first-time appointees:

- Women comprised 62.4% of new appointees, a 19.1-point increase from the prior rate of women appointed to Queens Community Boards.
- Appointees 45 years old or younger comprised 74.3% of new appointees, and those under 35 comprised 43.1%.
- Compared to 2020 board membership, the 2021 appointee class has greater percentages of those who self-identify as Latinx/Hispanic (24.8%), African American/Black (24.8%), immigrant (17.4%), East Asian/Pacific Islander (11%), South Asian (14.7%), and LGBTQIA+ (8.3%).

Per the requirement of New York City Charter §82(17)(a), the Office of the Queens Borough President issues the following report detailing demographic information and the appointment process for Queens Community Board members.

Where Things Stood: Demographic Data for Queens Community Boards in 2020

Queens Borough President Donovan Richards Jr. took office in December 2020 and appointed his first class of Community Board members on April 1, 2021. His primary objective was to ensure that his initial class of new appointments would move Community Boards closer to reflecting the diversity of the communities they represent. To achieve this goal, in early 2021 the Office of the Queens Borough President analyzed the existing demographic profile of each Community Board’s membership, compared each Board-specific profile to the most up-to-date demographic profile available for the Board’s community district, and identified discrepancies in representation. QBPO used this information to help design its applicant outreach efforts and selection process.

Attached to this report is a list of all Queens Community Board members as of June 1, 2020, the date on which last year’s Community Board appointments were made. Queens Community Board members are appointed for staggered two-year terms that begin annually on April 1. However, due to the COVID-19 pandemic, last year’s appointments were delayed until June 1, 2020. During the application process, these appointees were asked to voluntarily disclose demographic information about themselves. The spreadsheets attached to this report include collected information from the application process, presented in an aggregated and anonymized manner, for members serving on a Queens Community Board as of June 1 last year.

Reviewing this demographic information allowed QBPO to identify specific demographic priorities for each board. Each board has specific discrepancies, but this information demonstrated that Community Boards in Queens are generally older, more male, and less racially diverse than the areas they represent. Specifically, of those who provided information regarding age, only 24.4% of Queens Community Board members in 2020 were 45 years old or younger, while 75.6% were 46 years old or older, and 36.3% were 66 years old or older. Of those who provided information regarding gender, only 43.4% of appointees were women, while 56.6% were men. And although each board catchment area has a different underlying demographic profile with respect to race and ethnicity, members who identified as white were generally overrepresented on boards, and most boards were underrepresented by members identifying as Latinx/Hispanic, Asian, and/or African-American/Black.

Developing a Response: The New Community Board Application Process in 2021

For this year’s appointments, Queens Borough President Richards had three goals: first, to make the Community Board application process easier; second, to reach a larger and more diverse group of applicants; and third, to appoint a new membership class that would begin to address the identified demographic discrepancies on each Community Board.

First, QBPO revamped the Community Board application process and removed barriers for potential applicants, specifically by moving the application entirely online and, for the first time, allowing applicants to submit their applications using a simple web form. QBPO enlisted BetaNYC, an organization focused on promoting civic engagement through technology and open data, to help develop this system. QBPO also scrapped the requirement for applicants to notarize their applications, as many applicants reported that seeking out a notary was an unnecessary burden, particularly during the COVID-19 pandemic. Notably, the revised application also included questions on a number of new demographic categories, including (1) whether the applicant owns a home, rents, lives in public housing, or has another housing status, (2) whether the applicant primarily drives, bikes, takes public transportation, or uses other transportation options, and (3) the member’s educational attainment.

Second, QBPO bolstered its outreach efforts with a particular focus on reaching a younger and more diverse applicant pool. Beginning in January 2021, QBPO undertook substantial efforts to publicize the opening of the Community Board application period. Specific efforts included issuing a press release, posting on various social media platforms and the QBPO website, and sending out announcements and reminders in electronic newsletters. Furthermore, QBPO staff issued announcements at all Community Board meetings held during the application period, as well as at Borough Board and Borough Cabinet meetings, and other public meetings and events. QBPO also worked closely with the Queens City Council delegation during the application period and requested that they actively solicit applications from their networks. New steps taken in 2021 to reach a more diverse applicant pool included offering the Community Board application in multiple languages and bolstering outreach to local colleges and ethnic media.

The revamped application and outreach efforts resulted in a significant increase in the number of applications. In 2021, QBPO received 941 Community Board applications, a 58.2% increase from the previous year and a Queens record. This robust pool allowed Borough President Richards to select new members that would help move Community Boards toward being more demographically reflective of the communities they serve.

A Template for Progress: New Community Board Appointments in 2021

All Community Board members in good standing who reapplied for membership in 2021 were reappointed. After those reappointments, 110 vacancies remained. Borough President Richards sought to appoint a member for every vacancy to ensure that each board maintained full capacity of 50 members. Vacancies broken down by board are detailed in the following chart.

2021 Queens Community Board Vacancies			
CB1: 9 vacancies	CB5: 10 vacancies	CB9: 9 vacancies	CB13: 3 vacancies
CB2: 10 vacancies	CB6: 11 vacancies	CB10: 9 vacancies	CB14: 15 vacancies
CB3: 5 vacancies	CB7: 2 vacancies	CB11: 4 vacancies	
CB4: 13 vacancies	CB8: 3 vacancies	CB12: 7 vacancies	

Having received approximately seven applications for each vacancy, QBPO carefully evaluated each candidate. The first consideration for appointment to a Community Board was the candidate’s eligibility for appointment under the provisions of New York City Charter §2800(a). This year’s application asked members to affirm their residence, business, professional, or other significant interest in the district and required them to provide documentation confirming that interest.

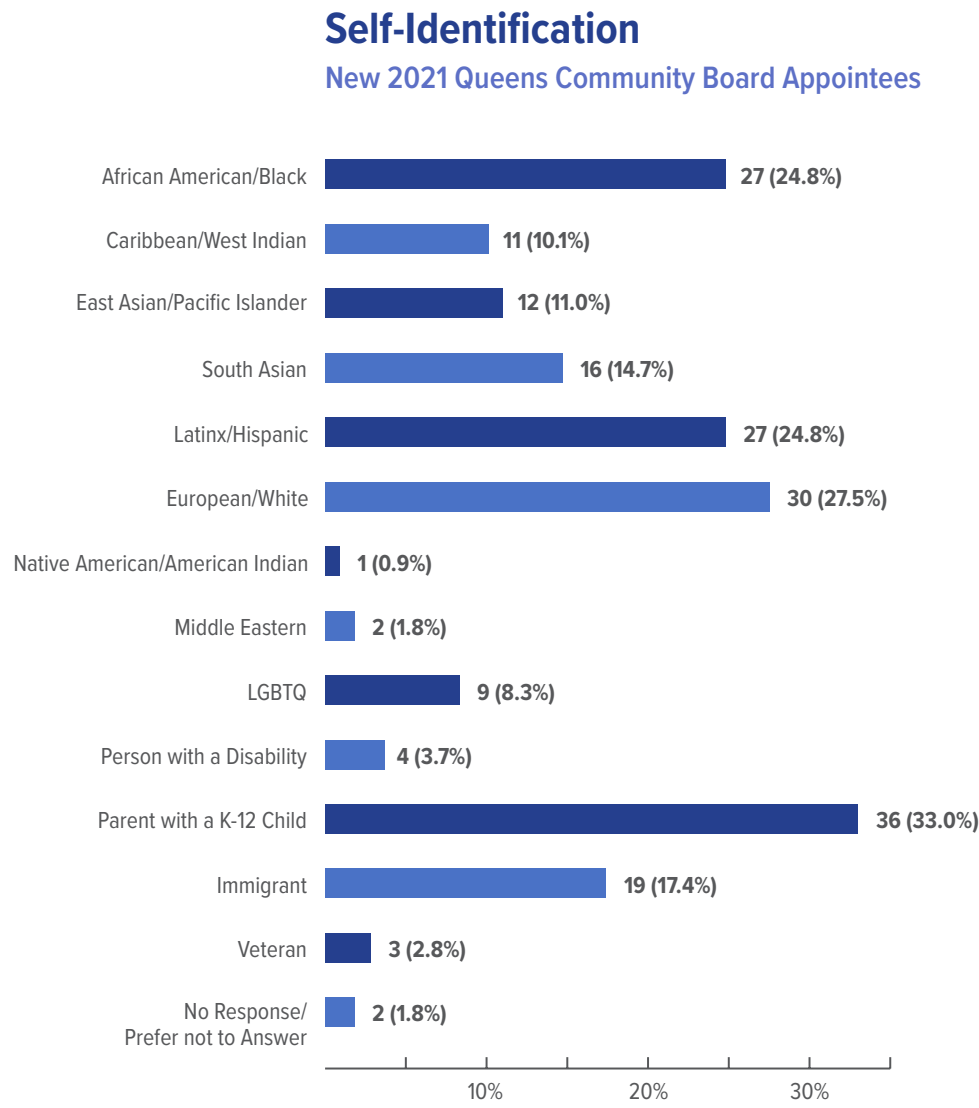

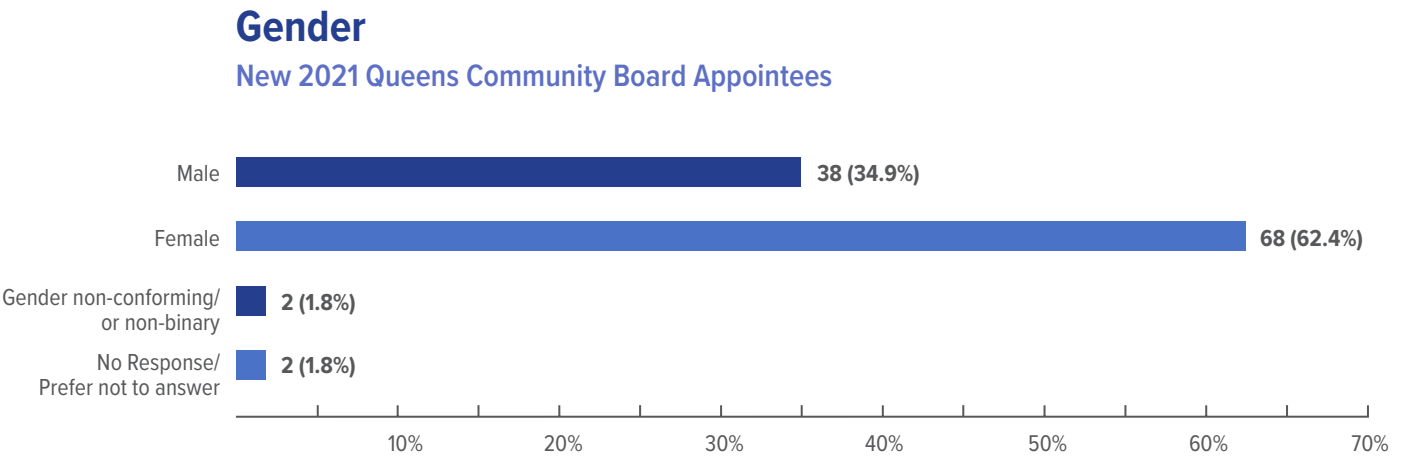

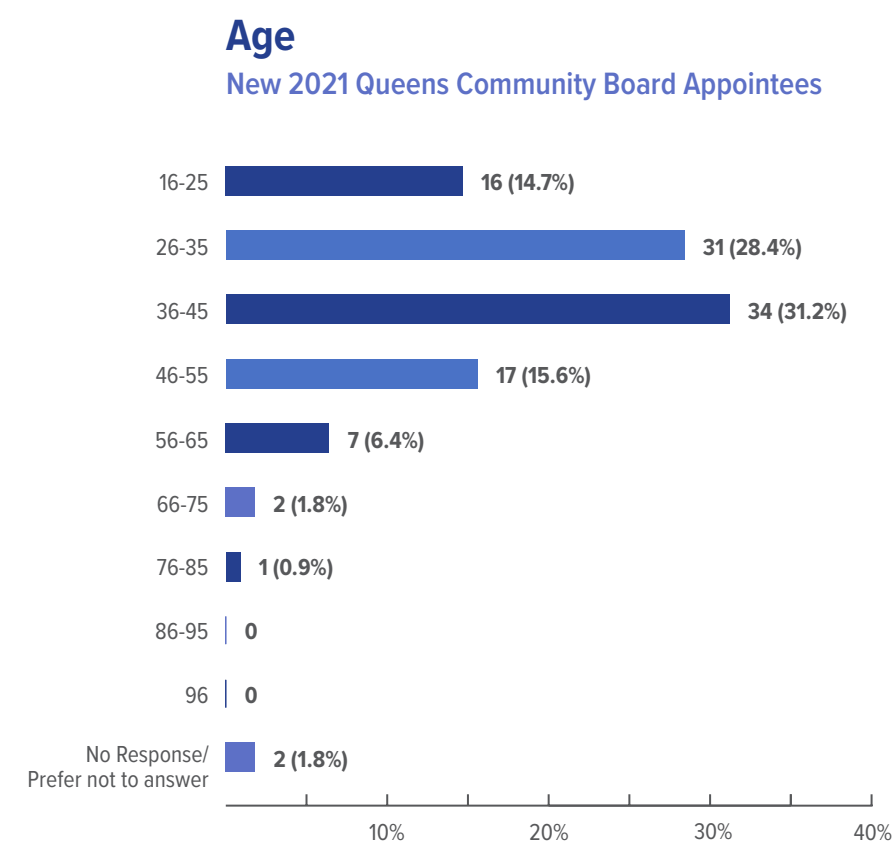

If the applicant was eligible, then the QBPO conducted a holistic evaluation based on information provided in their application and interview. This year, Borough President Richards ensured each new applicant was offered a one-on-one interview with a QBPO staff member, who assessed factors including the length of the applicant’s residence or interest in the community, whether the applicant has previously attended Community Board meetings, the applicant’s stated reason(s) for seeking appointment to a Community Board, the applicant’s commitment to consistent attendance at meetings, the applicant’s organizational and community affiliations (as an indication of civic engagement), and the skills and experience possessed by the applicant that could best serve the Community District.

All Community Board districts in Queens are made up of more than one City Council district, and QBPO ensured that each City Council district included within a Community Board district was proportionately represented on that Community Board. In making final decisions, the Queens

Borough President considered whether the aggregate of appointments fairly represented all segments of the community, in accordance with the Charter. Prior to making his appointments, the Borough President met with each Queens City Council Member to review a list of all applicants from within their respective Councilmanic district, discuss demographic priorities for new appointments, and to confirm which applicants were nominated by the Council Member.

Initial demographic information about these new appointees reflects Queens Borough President Richards’ ongoing commitment to address demographic disparities on the borough’s Community Boards. Of the 110 new appointees, notable achievements include:

- Nearly two-thirds (62.4%) of new appointees self-identify as female.
- Nearly three-quarters (74.3%) of new appointees are 45 years or younger, and those 35 years old or younger make up nearly half (43.1%) of new appointees.
- A greater percentage of new appointees self-identify as Latinx/Hispanic (24.8%), African-American/Black (24.8%), East Asian/Pacific Islander (11%), and South Asian (14.7%).
- Nearly three-quarters (72.5%) of new appointees are people of color.
- A greater percentage of appointees self-identify as immigrants (17.4%), as a member of the LGBTQIA+ community (8.3%), and parents of school-aged children (33%).

Conclusion

Queens Borough President Donovan Richards believes that local government is strongest when the voices of all the people it serves are elevated. To that end, under his direction QBPO spearheaded several important initiatives in 2021 to ensure that the fourteen Community Boards of Queens more closely reflect the communities they represent. These efforts included simplifying the Community Board application process, reaching out to underrepresented constituencies to generate a record number of applicants, and employing new tools to streamline the collection and analysis of demographic information.

This year’s new Community Board appointment class is unprecedentedly diverse and represents an important first step in ameliorating the demographic disparities that exist on Community Boards across Queens. But the unfortunate fact is that many of those disparities, although lessened this year, continue to exist. The Richards administration is dedicated to ensuring that Community Boards are demographically representative of their communities and will continue to work toward this goal.

Finally, Borough President Richards is committed to transparency regarding progress made and challenges that remain. Accordingly, QBPO will be posting an interactive tool on its Community Board website — queensbp.org/community-boards — that will allow visitors to access a list of Community Board members. This tool will be updated throughout the year and include aggregated and anonymized demographic information for each board, along with a comparison of that information to the underlying demographic profile of each Board’s district.

2020 Queens Community Board Members (as of 2020.06.01)

Board	First Name	Last Name	First Appointment Date	Dates of Reappointment	Length of Service (in years)	Leadership Position
